Name: _____ Date: _____ Period: _____

Mr. Bennett Physical Science

Physical and Chemical Changes in Matter Webquest

TASK #1

Read about Physical/Chemical Change and take notes from the website below.

http://chemistry.about.com/od/lecturenotesl3/a/chemphyschanges.htm

1. What is a physical change?

_____

_____

2. Name 2 examples of physical changes.

a.

b.

3. What is a chemical change?

_____

_____

4. Name 2 examples of chemical changes.

a.

b.

TASK #2

Go to http://www.chem4kids.com/files/matter_chemphys.html

After reading the information at this site answer these questions

How can you cause a physical change?

_____

_____

_____

What would be an example of a chemical change that took a long time to occur?

_____

_____

_____

Why are chemical changes considered “unseen”?

_____

_____

TASK #3

How pizza goes through your digestive system at

http://kids.discovery.com/tell-me/science/body-systems/your-digestive-system

and answer the following questions:

1. What starts chemical changes in food?

2. Are the following Physical or chemical changes?
   _____a.The teeth tear off a bite of pizza.
   _____b.The starch in the pizza crust turns to sugar.
   _____c.Muscles squeeze the chewed pizza down your esophagus.
   _____d.In the intestines, liquids from the kidneys and pancreas mix with leftovers from the stomach.
   _____e.Water is recycled back into your body.

TASK #5

Look at the rock cycle at these two sites.

http://www.cotf.edu/ete/modules/msese/earthsysflr/rock.html

http://www.rocksandminerals.com/rockcycle.htm

Are the following physical or chemical changes?

1. Weathering:
2. Deposition:
3. Metamorphism:
4. Melting:

TASK #6

Take this quiz to test your knowledge on physical/chemical changes:

http://www.quia.com/quiz/303980.html

SCORE: _____%

Adapted from H Cleaveland at http://sciencespot.net/Media/statesofmatter.pdf

TASK #7

Melting/heating Experiment – This one is a challenge. You can start it from beginning as many times as necessary to help you see the change in temperature.

http://www.harcourtschool.com/activity/hotplate/index.html

Once on this site, select the pink or the green material.

(Circle which one you selected.) Pink Green

What was the melting point? _____

What was the boiling point? _____

Do you think the melting and boiling point is the same for the other material? _____

Try it out!! Considering what you know about matter, why do you think that different substances have different melting and boiling points?

_____

_____
