Creating a Food Web

All the organisms listed in the table over the page are part of a food web.

For each organism, list the other organisms in the web which consume it.

Use this information to construct a food web.

Organism	Consumers of Organism
Honeyeaters	
Hawks	
Rabbits	
Koalas	
Bacteria	
Foxes	
Grasses and grains	
Snakes	
Dingos	
Flowering plants	
Insects	
Owls	
Lice	
Kookaburras	
Kangaroos	
Eucalyptus trees
