

Science Code of Conduct

Handle plants and animals with care and respect.

twinkl www.twinkl.co.uk

Science Code of Conduct

Wear goggles if your teacher says you need them.

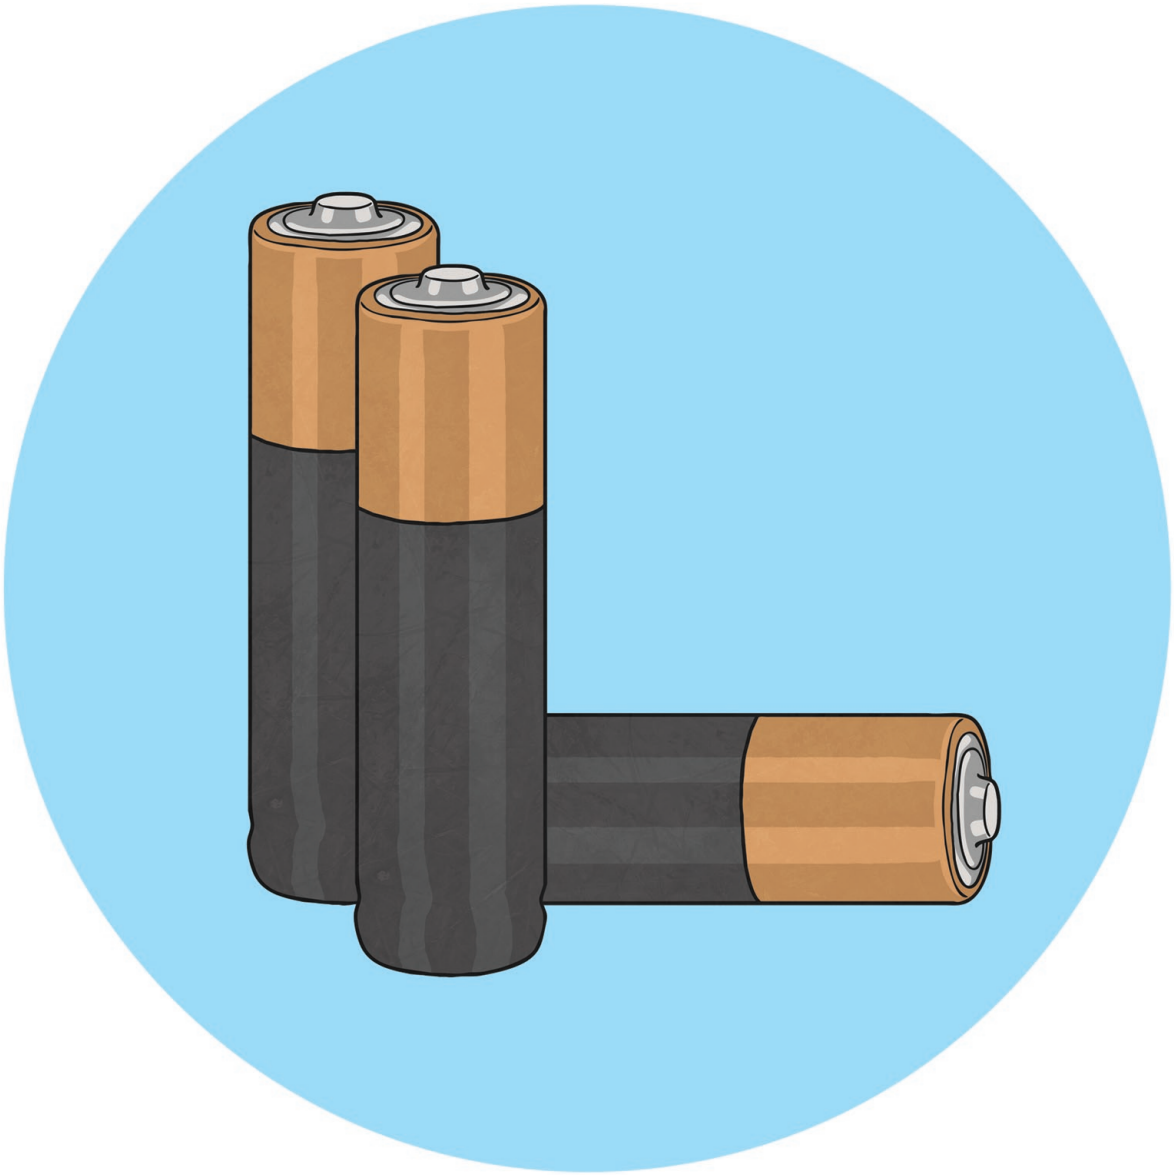

twinkl www.twinkl.co.uk

Science Code of Conduct

Wash your hands after your investigation.

twinkl www.twinkl.co.uk

Science Code of Conduct

Tell your teacher if a battery looks corroded and don't put batteries in the normal bin.

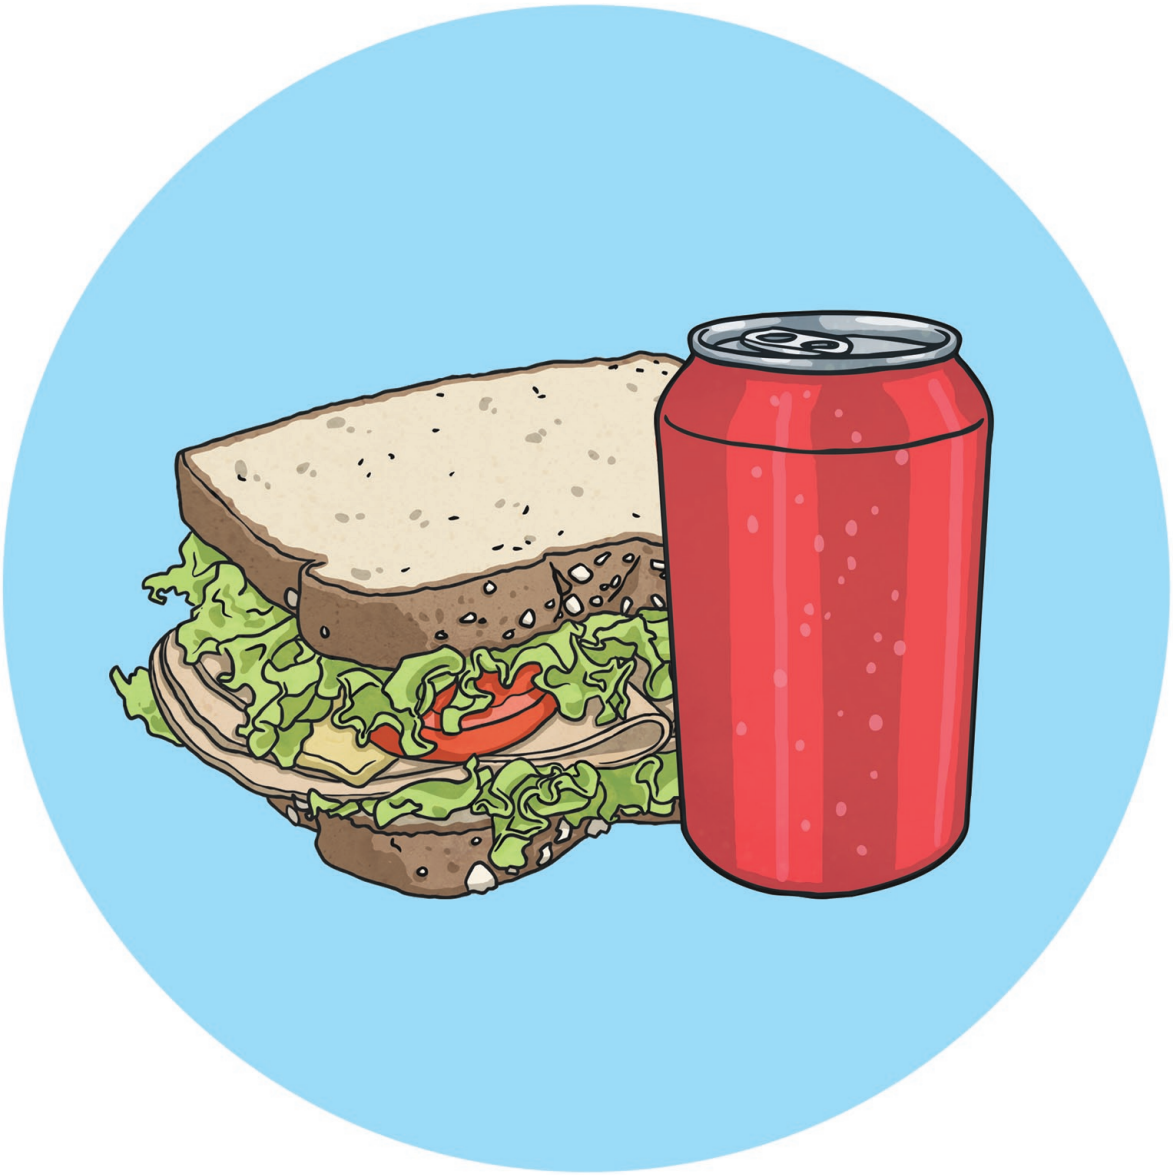

twinkl www.twinkl.co.uk

Science Code of Conduct

Use gloves or mitts when touching something that could be hot.

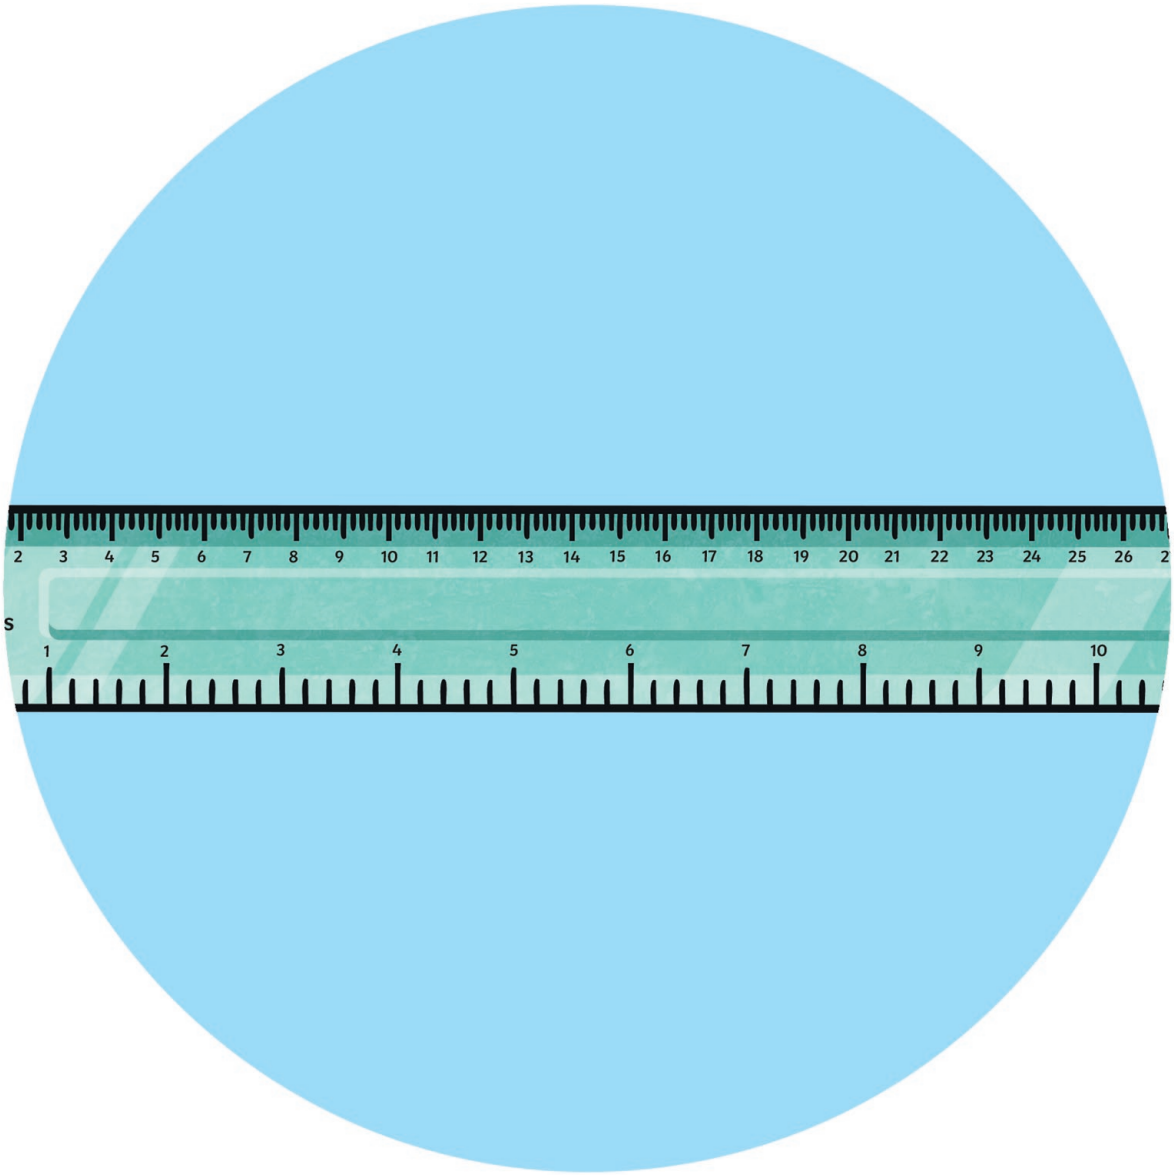

twinkl www.twinkl.co.uk

Science Code of Conduct

No eating or drinking whilst experimenting.

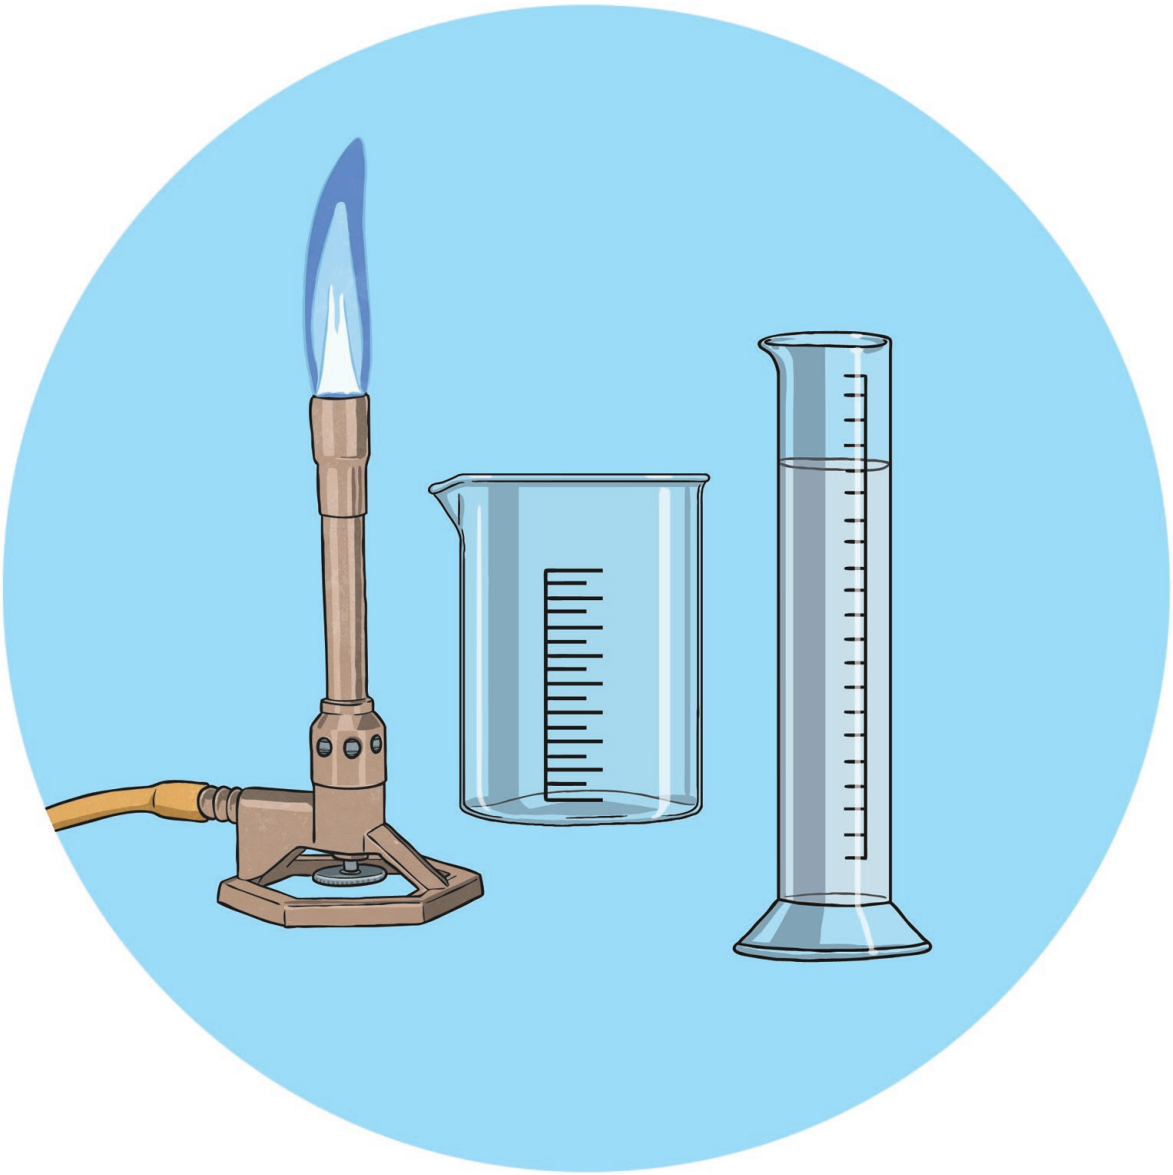

twinkl www.twinkl.co.uk

Science Code of Conduct

Use a ruler for straight lines and a pencil for drawing.

twinkl www.twinkl.co.uk

Science Code of Conduct

Take care of our science equipment

twinkl www.twinkl.co.uk

Science Code of Conduct

Always make sure you supervise fire or hot objects.

twinkl www.twinkl.co.uk

Science Code of Conduct

Clean up afterwards and put everything away.

twinkl www.twinkl.co.uk

Science Code of Conduct

Use clear tidy writing when recording results and drawing diagrams.

twinkl www.twinkl.co.uk

Science Code of Conduct

Listen to your teacher and follow all instructions carefully.

twinkl www.twinkl.co.uk

Science Code of Conduct

If you are not sure about something - just ask.

twinkl www.twinkl.co.uk

Science Code of Conduct

Please walk, never run, around the science lesson.

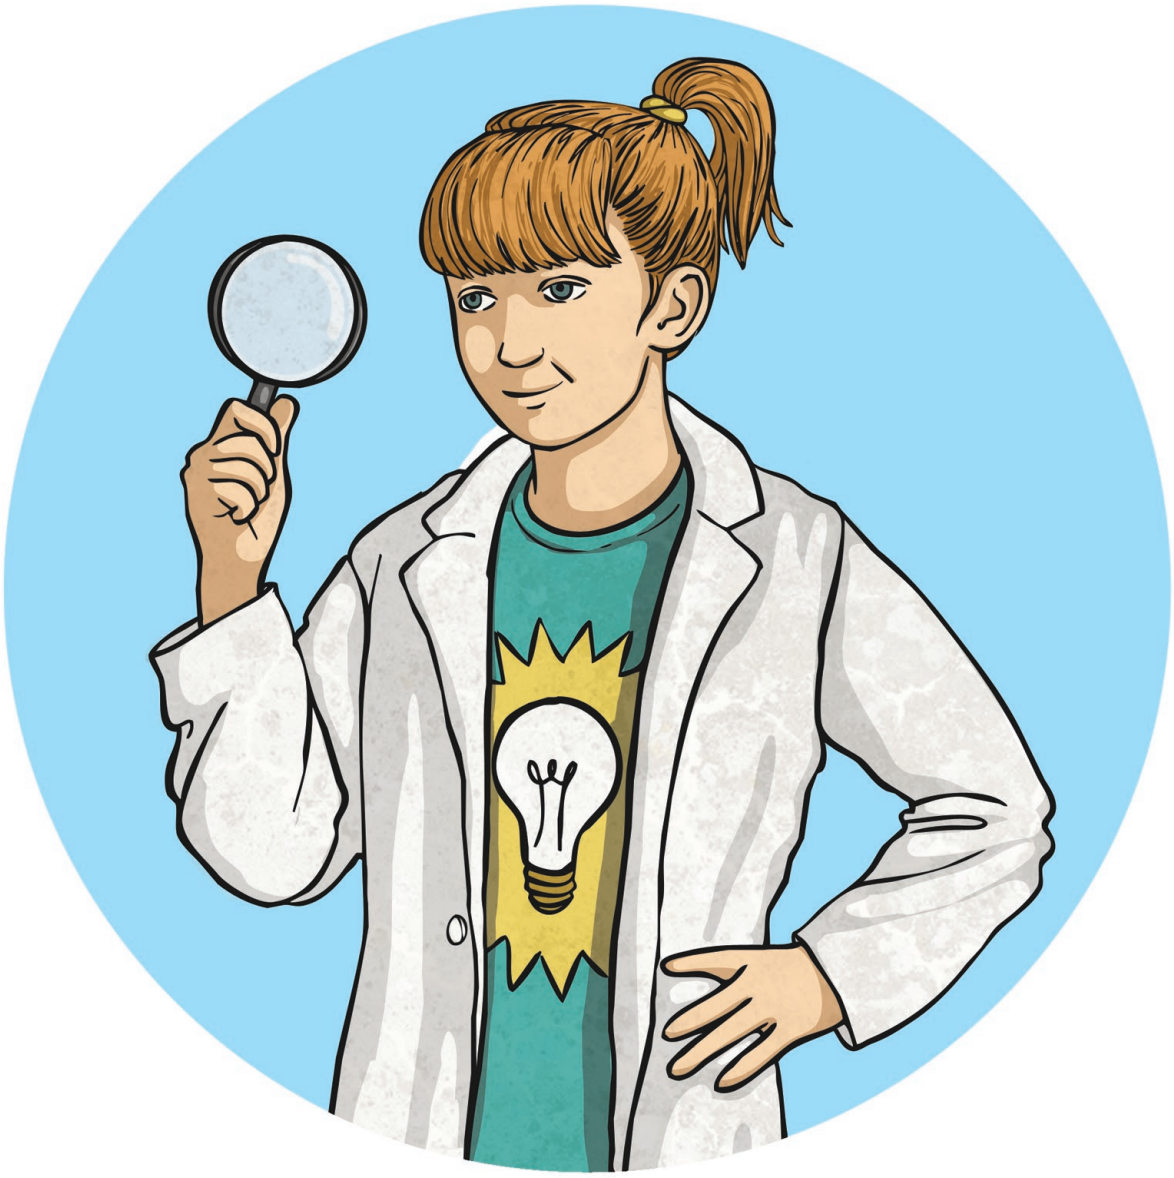

twinkl www.twinkl.co.uk

Science Code of Conduct

Make sure your working area is clear from other items.

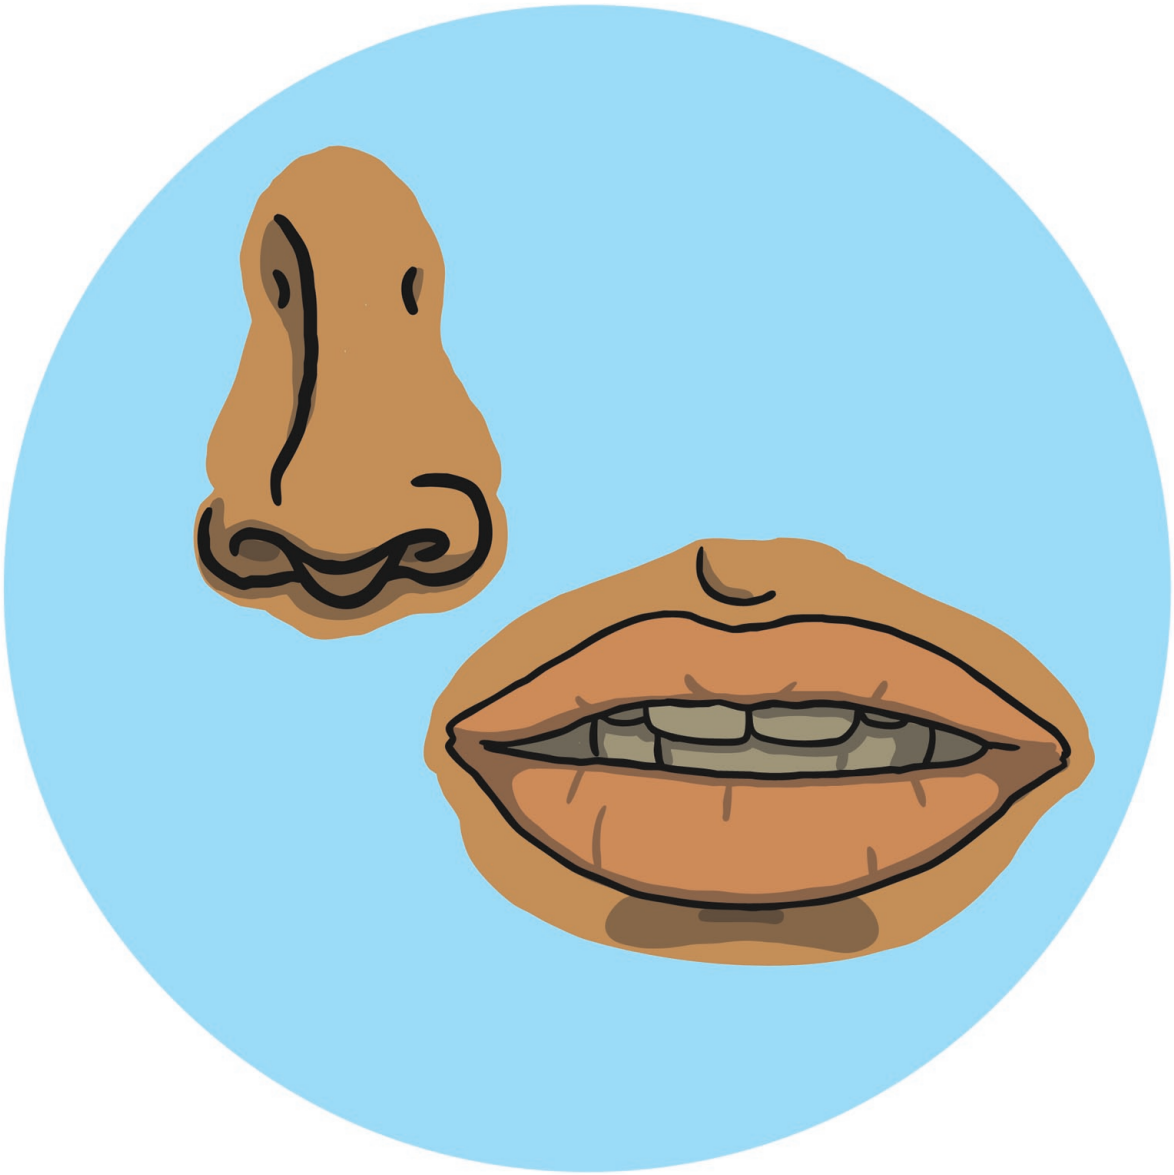

twinkl www.twinkl.co.uk

Science Code of Conduct

Tie back long hair.

twinkl www.twinkl.co.uk

Science Code of Conduct

Don't smell or taste anything unless your teacher says it is safe.

twinkl www.twinkl.co.uk

Science Code of Conduct

Tell a teacher straight away if there is a spill, broken glass or an accident.
