Describe:

respiration

without using the words:

1. chemical
2. reaction
3. cells
4. energy
5. glucose

twinkl.co.uk

Describe:

glucose + oxygen → carbon dioxide + water + energy

$C_6H_{12}O_6 + 6O_2 \rightarrow 6CO_2 + 6H_2O + ATP$

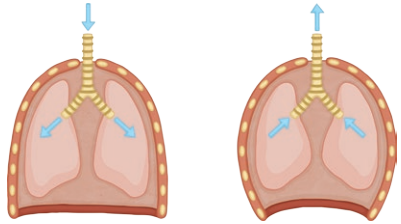

aerobic

without using the words:

1. oxygen
2. glucose
3. carbon dioxide
4. water
5. energy

twinkl.co.uk

Describe:

ventilation

without using the words:

1. breathing
2. oxygen
3. carbon dioxide
4. lungs
5. inhale

twinkl.co.uk

Describe:

glucose → lactic acid + energy

$C_6H_{12}O_6 \rightarrow 2C_3H_6O_3 + 2ATP$

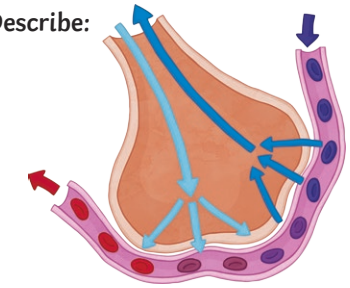

anaerobic

without using the words:

1. glucose
2. lactic acid
3. respiration
4. oxygen
5. bacteria

twinkl.co.uk

Describe:

gas exchange

without using the words:

1. lungs
2. alveoli
3. gases
4. diffusion
5. capillary

twinkl.co.uk

Describe:

CO_2

carbon dioxide

without using the words:

1. breathing
2. oxygen
3. waste
4. diffusion
5. gas exchange

twinkl.co.uk

Describe:

16
O
8

oxygen

without using the words:

1. breathing
2. carbon dioxide
3. respiration
4. diffusion
5. gas exchange

twinkl.co.uk

Describe:

fermentation

without using the words:

1. glucose
2. ethanol
3. carbon dioxide
4. anaerobic
5. yeast

twinkl.co.uk

Describe:

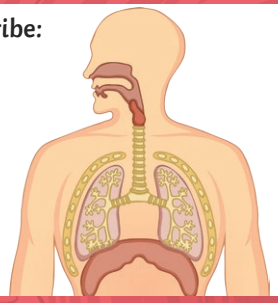

alveoli

without using the words:

1. surface area
2. thin wall
3. capillaries
4. lungs
5. gas exchange

twinkl.co.uk

Describe:

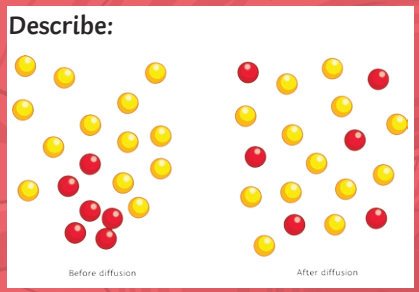

respiratory system

without using the words:

1. lungs
2. heart
3. oxygen
4. carbon dioxide
5. respiration

twinkl.co.uk

Describe:

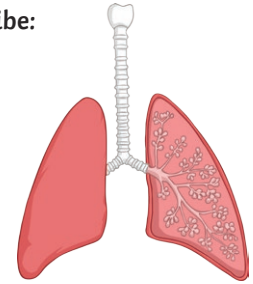

diffusion

without using the words:

1. movement
2. higher
3. lower
4. concentration
5. gas exchange

twinkl.co.uk

Describe:

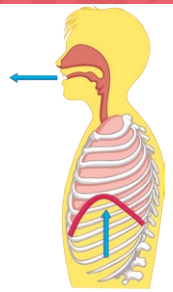

lungs

without using the words:

1. breathing
2. gas exchange
3. alveoli
4. organ
5. bronchioles

twinkl.co.uk

Describe:

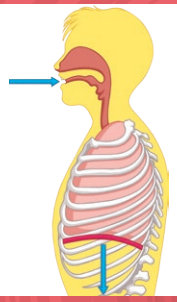

exhale

without using the words:

1. carbon dioxide
2. breathe
3. air
4. gas exchange
5. ventilation

twinkl.co.uk

Describe:

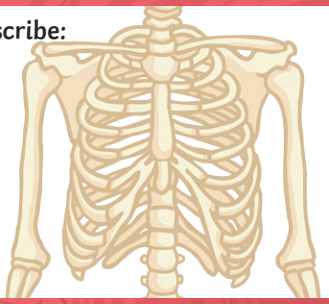

inhale

without using the words:

1. oxygen
2. breathe
3. air
4. gas exchange
5. ventilation

twinkl.co.uk

Describe:

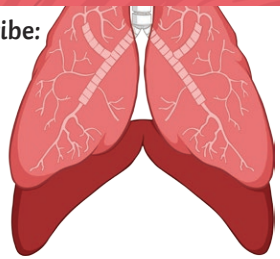

ribcage

without using the words:

1. ribs
2. gas
3. volume
4. lungs
5. breathing

twinkl.co.uk

Describe:

diaphragm

without using the words:

1. contract
2. relax
3. muscle
4. abdomen
5. breathing

twinkl.co.uk
