Truth ◯ ◯ Lie ◯

2 Truths, 1 Lie Historical Scientists **Answers**

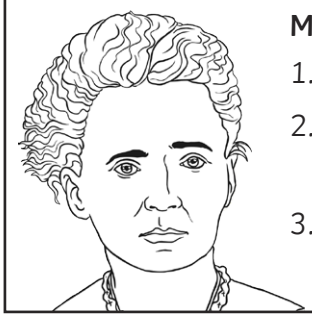

Charles Darwin

1. I am best known for developing my theory of evolution and natural selection.
2. In 1831, I went on a voyage on a ship named the HMS Bloodhound.
3. The sight of blood made me queasy so I couldn't be a doctor like my father.

Ship was HMS Beagle

Truth: 1, 3
Lie: 2

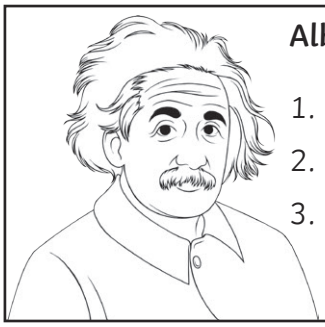

Marie Curie

1. I have won the Nobel Prize for my work in chemistry three times.
2. I was the first woman to win a Nobel Prize and the only woman to win Nobel Prizes in more than one field of science.
3. My husband was killed when he stepped in front of a horse-drawn carriage, and I took on his teaching job after his death.

Won 2 Nobel prizes

Truth: 2, 3
Lie: 1

Albert Einstein

1. I enjoyed classical music and could play the violin.
2. I have two sons named Hans and Eduard.
3. I died in 1955, aged 85, following a heart attack.

Died at age 76

Truth: 1, 2
Lie: 3

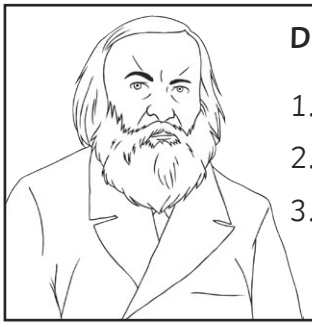

Isaac Newton

1. I was a premature baby, and I was very small and frail when I was born. It was not expected that I would live.
2. I died before Albert Einstein was even born.
3. My parents were famous scientists too.

Father was a farmer

Truth: 1, 2
Lie: 3

Dmitri Mendeleev

1. My birthday is 8th February, 1934.
2. I created the 'Periodic Table of Elements' which is still used today.
3. I was married twice and had 6 children altogether.

Born in 1834

Truth: 2, 3
Lie: 1
