# Cells Webquest

Go to this website: https://sepuplhs.org/middle/texas7/simulations/cell.html

Hover your mouse over each of the organelles to get information and write their function in this table.

| Cell Organelle | Function (what they do) |
|---|---|
| Nucleus | |
| Cell Wall | |
| Vacuole | |
| Lysosome | |
| Cell Membrane | |
| Cytoplasm | |
| Vesicle | |
| Chloroplast | |
| Cytoskeleton | |
| Mitochondria | |
| Ribosomes | |
| Golgi Apparatus | |
| Endoplasmic reticulum | |

Which organelles were NOT in the animal cell?

Which organelles were NOT in the plant cell?

WHEN YOU HAVE FINISHED the venn diagram on that site:

Go to this site http://www.softschools.com/quizzes/biology/cell_structure/quiz356.html and take the quiz. You can do it as many times as you like – if you get 10/10 show me for vivo points!!

There are some games on this website:
https://www.centreofthecell.org/learn-play/games/

click on ‘what is a cell’ and ‘explore a cell’

More games/practice:
