Name: Class:

Literacy support worksheet

7.1 A force is a push or a pull

Pages 120–121 and 202

Push and pull forces

1 Forces act on everything around us all the time. In the spaces provided, draw a labelled diagram to explain what forces cause objects to do. (Use different examples from those in the textbook.)

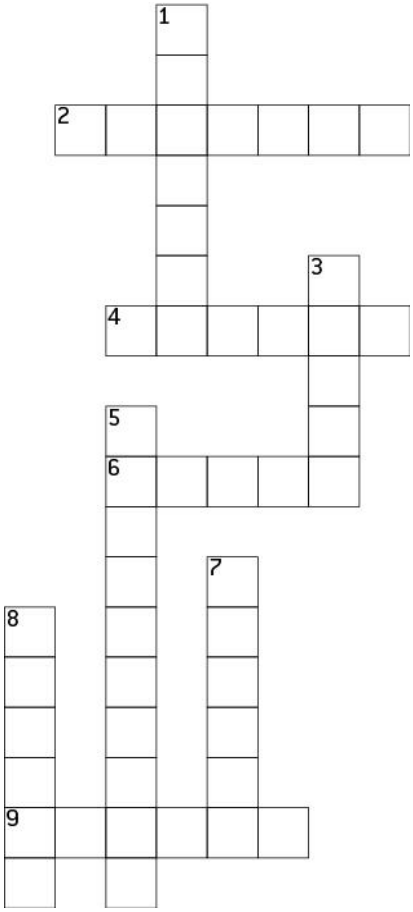

Begins to move	Speeds up
Slows down	Changes direction
Changes shape	Remains still
