Literacy support worksheet

1.3 Scientists take safety precautions

Pages 6–7

Safety in the lab

1 Read the dot points on what happened in the laboratory and write ‘do’ or ‘don’t’ next to each one.

- Connie listened carefully to her teacher explaining the experiment _____
- Rod put his earphones in while the teacher was explaining _____
- Rod put on his lab coat, but didn’t button it up _____
- Connie didn’t put on a lab coat because it didn’t match her outfit _____
- Connie didn’t tie her hair back _____
- Both of them wore safety glasses _____
- They put their textbooks under their desk _____
- They left their workbooks on the desk _____
- They put the Bunsen burner, tripod and gauze mat onto a bench mat _____
- They put the Bunsen Burner next to the gauze mat _____
- They lit the Bunsen Burner then walked away and chatted to friends _____
- Rod accidentally knocked the beaker on the floor and told his teacher _____
- They put the equipment away while it was still warm and burned their hands _____
- Connie washed her hands afterwards _____
- Rod forgot to wash his hands _____
- They put their coats away _____
- They left their safety glasses on the bench _____

2 This symbol means that corrosive materials such as acids and bases are present. What do you think the picture is of?

_____

_____

_____
