Units of Measure

Scientists use a system of measuring units called **SI** (System International).

Quantity	Definition	Units of measure	Symbol
Mass	How much matter and object has	Grams Kilograms	
Length	The distance between two points	Metres Kilometres	
Volume	How much space something takes up	Litres Millilitres	
Temperature	How hot something is	Degrees centigrade	

Matter is anything that takes up space and has mass.
