Name: _____

Year 8 Biology - Digestion Vocabulary Mini Quiz

3.1 Pearson Science

Write the number relating to the correct definition in each box

☐	Digestion	1. The flap of skin that can block the trachea or oesophagus
☐	Physical Digestion	2. Wave of muscular contraction that moves food along the oesophagus
☐	Chemical Digestion	3. Absorbs water from chyme
☐	Bolus	4. Breaking food down into smaller pieces
☐	Oesophagus	5. A circular muscle
☐	Peristalsis	6. The end result of the digestive process
☐	Epiglottis	7. Produced in the liver, stored in the gall bladder and excreted into the duodenum
☐	Sphincter	8. Breaking food down into simpler molecules
☐	Duodenum	9. Joins the mouth with the stomach
☐	Bile	10. Produces Bile
☐	Pancreas.	11. Organ responsible for absorbing nutrients
☐	Liver	12. Small finger like projections that absorb nutrients
☐	Small Intestine	13. The ball of food created in the mouth
☐	Villi	14. The breaking down of food into a usable form
☐	Large Intestine	15. A sphincter at the end of the digestive tract
☐	Rectum	16. Stores faeces ready for defecation

Faeces

17. The top of the small intestine

Name: _____

Year 8 Biology - Digestion Vocabulary Mini Quiz

3.1 Pearson Science

Write the correct term on the line next to each definition

_____ 1. The flap of skin that can block the trachea or oesophagus

_____ 2. Wave of muscular contraction that moves food along the oesophagus

_____ 3. Absorbs water from chyme

_____ 4. Breaking food down into smaller pieces

_____ 5. A circular muscle

_____ 6. The end result of the digestive process

_____ 7. Produced in the liver, stored in the gall bladder and excreted into the duodenum

_____ 8. Breaking food down into simpler molecules

_____ 9. Joins the mouth with the stomach

_____ 10. Produces Bile

_____ 11. Organ responsible for absorbing nutrients

_____ 12. Small finger like projections that absorb nutrients

_____ 13. The ball of food created in the mouth

_____ 14. The breaking down of food into a usable form

_____ 15. A sphincter at the end of the digestive tract

_____ 16. Stores faeces ready for defecation

_____ 17. The top of the small intestine
