Metals and non-metals

☞ Use the periodic table on the inside front cover to complete the questions below.

1 Group the elements in the word bank into metals and non-metals.

Metals	Non-metals

Word bank
manganese
S
chlorine
Cu
Al
iodine
Na
argon
carbon
Zn
boron
K
Iron
O
helium
silicon
Ag
Cr

2 Circle the element that is the odd one out in each group. Give a reason for your answer.

a magnesium, silver, bromine, nickel

_____

b Ca, Ba, Ni, Mg

_____

c Cr, Cu, Zn, Ag

_____

d oxygen, helium, nitrogen, sodium

_____

3 Name three metals that have similar properties to magnesium.

_____
