Acid Base Equation Test

Complete the following word equations then give the fully balanced equation.

1. Potassium hydroxide + Nitric acid →

2. Hydrochloric acid + Magnesium oxide →

3. Sulphuric acid + Sodium carbonate →

4. Sulphuric acid + Potassium hydrogencarbonate →

5. Hydrochloric acid + Magnesium →

6. Phosphoric acid + Calcium →

7. Nitric acid + Zinc carbonate →

8. Phosphoric acid + Ammonium hydroxide →

9. Sulphuric acid + Zinc→

10. Nitric acid + Sodium hydrogencarbonate →
