Neutralisation Equations

Complete the following word equations then give the fully balanced equation.

1. Potassium hydroxide + Hydrochloric acid →

2. Nitric acid + Calcium hydroxide →

3. Sulphuric acid + Zinc oxide →

4. Carbonic acid + Ammonium hydroxide →

5. Acetic acid + Sodium hydroxide →

6. Phosphoric acid + Potassium hydroxide →

7. Nitric acid + Barium hydroxide →

8. Carbonic acid + Magnesium oxide →

9. Calcium hydroxide + Ethanoic acid→

10. Phosphoric acid + Calcium oxide →
