NAME:_____

Chemistry

The Atom

ACROSS

2 Formed when two or more atoms are joined together
5 Number of protons in an atom is equal to a number called the...
6 Element composed of one type, the...
8 A large grid-like structure formed when atoms stick together
11 Particles in an atom with no charge
12 A substance in which the atoms of two or more elements are combined

DOWN

1 A table filled with elements in order of their atomic number
3 Particles with a negative charge
4 Particles in an atom with a positive charge
7 This number is the sum of the number of protons and neutrons
9 If all the atoms in a substance have the same identity, it is

NAME:_____

called an...

10 The centre of an atom
